

Using Pidgin

Download Pidgin from <http://www.pidgin.im/> and install it.

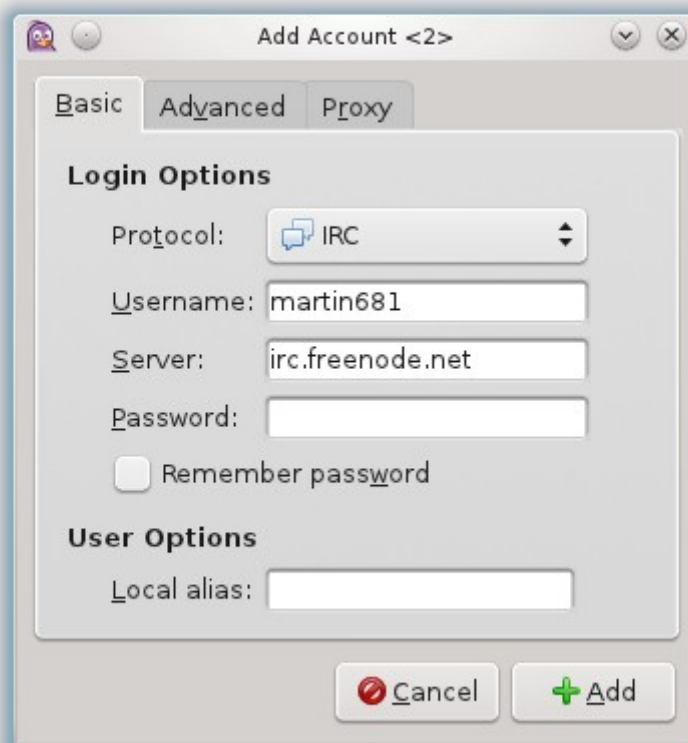

Start up Pidgin. You will see a window like this:

Click on "Add".

You will see a window like this.
Fill it in as below, but with a
username of your choice in place
of martin681. Leave the
"Password" space blank.

Click on "Add"

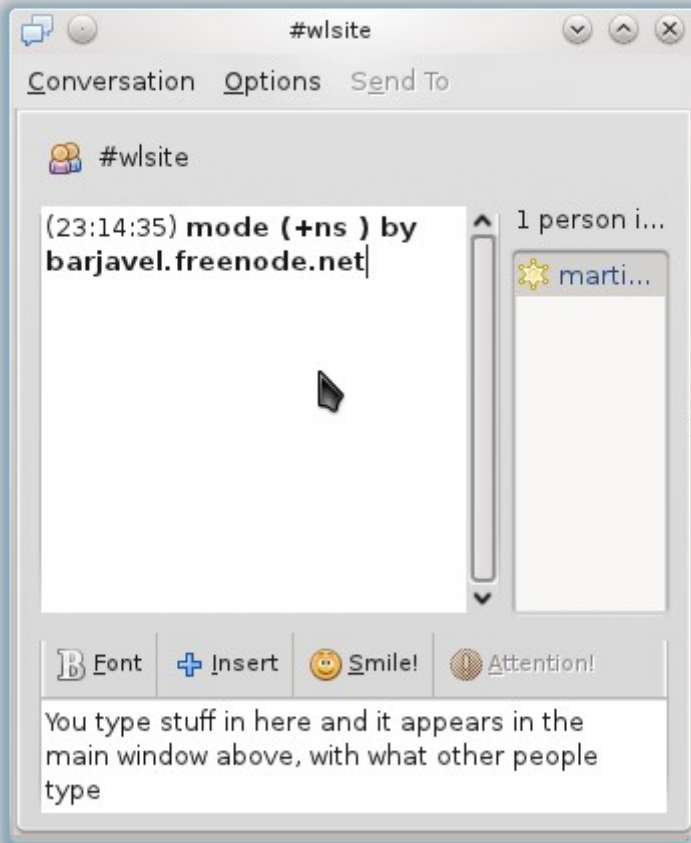

You see a window like this. Choose "Join Chat" in the Buddies drop-down menu.

You see a window like this. Type #wlsite in the Channel slot, and click on "Join"

You are then in the chat.

If you make a mistake setting up your IRC account, you can fix it by opening Pidgin and going to "Manage Accounts" in the Accounts drop-down menu.
